YES

Arizona Legislative Candidate Questionnaire

Q18: If YES, what steps would you take to protect our public initiative process?

Sadly, if the state legislature were doing the job for which it was elected, fewer of these would be needed. In recent years, citizens have, thankfully, been the ones to stop some of the misguided actions of our state legislature. What I would do differently is support and pass laws that are needed, wanted and help people. This way, fewer initiatives would be needed. It is imperative that the public hold this check and balance and use it when necessary, like when the legislature tried to enact voter suppression in 2013. Initiative is a part of our Western heritage and one I believe has been beneficial to our democracy.
