Page 3: BACKGROUND INFORMATION

**Q8 Have you ever been involved in any animal protection issues?**

**YES,**

Comments:

Having made arrest that involved leaving a pet unattended, we've always made certain the pet was taken care of.

---

## 2018 Arizona Legislative Candidate Questionnaire

**Q9** Do you have, or have you had in the past, any companion animals that have had an impact on you?

**YES,**

Comments:

Absolutely, I have had a couple of dogs and a cat over the years. They are always part of the family.

---

**Q10** Do you financially or philosophically support any local or national animal protection organizations?

**YES,**

If so, which ones?:

Sheriff Joe had a program for abused horses and other animals. The American Humane Society is another and of course our local county humane society.

---

### Page 4: FARM ANIMALS

**Q11** Do you support removing farm animals and horses from protection under Arizona's animal cruelty law and placing them under new, weaker laws in the agriculture code?

**NO,**

Comments:

All animals in the care of an owner are owed a responsibility to care for them appropriately. Slaughtering farm animals in apartment complexes is outrageous.

---

### Page 5: CITIZEN INITIATIVE PROCESS AND ANIMAL PROTECTION

**Q12** Do you support Arizona's public initiative process? **YES**

**Q13** If YES, what steps would you take to protect citizen initiatives?

Citizen initiatives are part of our constitutional rights. However, ensuring the integrity of all initiatives is just as important. Any legislation that protects the public's right to propose an initiative I am favor of but our legislative process and initiative process must have integrity.

### Page 6: ANIMAL CRUELTY LAW

**Q14** Do you support strengthening Arizona's animal cruelty laws to correct loopholes that make it difficult to prosecute animal abusers?

**YES,**

Comments:

I know first hand the association with animal cruelty and other violent crimes being committed in the future. Animal cruelty is a warning sign and should be looked at when it comes before the court.

### Page 7: WILDLIFE AND HABITAT

2018 Arizona Legislative Candidate Questionnaire

**Q15** Do you support a process that limits the voice of a majority of Arizonans to participate in the Arizona Game & Fish Commission appointment process?

**NO,**

Comments:

There needs to be a balance in our natural predator levels in any state, this is what keeps a natural balance among the wild. Experts in the field rather than a dominate influence of hunters and ranchers should be well represented on any board. We need a balance of interest and knowledge as well.

**Q16** Do you believe that the AZ Game and Fish Commission Appointment Recommendation Board should be repealed?

Comments:

It depends, the board could be beneficial if there was more control as to who gets appointed to the board. Maybe this process could be evaluated.

Page 8: ENDANGERED WOLVES

**Q17** Do you support legislation that weakens protection for endangered Mexican gray wolves?

Comments:

This is an area I need more information on. I know we had an issue with neighborhoods having to put children in cages while waiting for school buses to protect the Mexican Gray wolf. Isn't this a little out of step on the other side?

Page 10: ANIMAL CONTROL

**Q19** Do you believe that Arizona should have more uniform animal control laws to prevent inhumane treatment of animals?

**YES**
