2018 Arizona Legislative Candidate Questionnaire

Q8 Have you ever been involved in any animal protection issues?

YES,

Comments:

My son and I have volunteered at Home Fur Good, to help with adoptions, shot clinics and general maintenance of the facility.

Q9 Do you have, or have you had in the past, any companion animals that have had an impact on you?

YES,

Comments:

We had two rescue dogs growing up. They were family companions.

Q10 Do you financially or philosophically support any local or national animal protection organizations?

YES,

If so, which ones?:

Philosophically support rescue efforts. Have attended the Humane society luncheon occasionally.

Page 4: FARM ANIMALS

Q11 Do you support removing farm animals and horses from protection under Arizona's animal cruelty law and placing them under new, weaker laws in the agriculture code?

Comments:

My vote will depend upon the actual wording of the bill and the systemic affect it wil have on all types of animals. Deliberate acts of cruelty should not go without penalty and responsibility.

Page 5: CITIZEN INITIATIVE PROCESS AND ANIMAL PROTECTION

Q12 Do you support Arizona's public initiative process?

YES

Q13 If YES, what steps would you take to protect citizen initiatives?

Citizens should have the right to take up the interest to pursue public initiative process. I believe the biggest reason initiative process has been escalated is because the legislature is punting an issue down the road. The public has the right for the initiatives to be legitimate and legally presented to gain voter approval.

I believe it would serve a greater good if before initiatives go to the ballot, or even for signature, if they were more thoroughly vetted with a legal or statutory advisory group on the merits and unintended consequences of the initiative.
