ANIMAL CONTROL

ROADSIDE ANIMAL SALES

In 2008 the Arizona Legislature passed a bill prohibiting the public sale of animals, but the law applies only to counties with a population of more than 800,000. Yet animal control agencies and shelters in smaller counties report that unregulated public sale of animals is a significant burden for shelters, animals, and communities. Many animals sold on public streets are bred and raised in poor conditions. And since the animals are typically not spayed, neutered or vaccinated, they contribute to overpopulation, the euthanasia of thousands of homeless animals each year in Arizona shelters and the spread of disease. Roadside animal sales also increase costs of animal control, which places a financial burden on taxpayers.

Would you support legislation to expand the ban the roadside sale of animals statewide?

Yes No Comments

Do you believe that SB 1366 should be repealed?

Yes No Comments

HOMELESS ANIMALS

Every year, tens of thousands of cats and dogs are killed in shelters throughout Arizona. Taxpayers bear the cost of picking up, housing, and ultimately euthanizing these homeless or unwanted animals. The pet overpopulation crisis is the direct result of irresponsible breeding and animals left unaltered in our communities.

Would you be willing to work with animal control agencies and/or shelters in your district to address problems related to the homeless animal crisis?

Yes No Comments

Would you support legislation that would ban the private possession of all primates in Arizona?

WILDLIFE AND HABITAT

ARIZONA GAME & FISH COMMISSION

The Arizona Game and Fish Commission (AZGFC) is charged with managing and protecting Arizona's wildlife. It has five members who are appointed by the governor and confirmed by the Arizona Senate. Each serves a five-year term, no two may be from the same county and only three may be members of the same political party. Each candidate must be well-informed on the subject of wildlife.

Arguably the most important tool for protecting Arizona's animals is the public initiative process. Thanks to grassroots citizens' ballot measures, cruel leg-hold traps were banned on public lands in 1994 and cockfighting was outlawed in 1998. In 2006, voters overwhelmingly approved an initiative that banned the cruel confinement of pregnant pigs and calves raised for veal.

In 2000 voters rejected a proposal that would have required a 2/3 majority to pass any initiative affecting wildlife. And in a landslide election in 2008, voters defeated a measure that would have deprived the majority of voters participating in an election of the right to decide ballot initiatives, virtually eliminating the citizen initiative process.

Do you support Arizona's public initiative process?

Yes No Comments

I have Participated in public initiatives, and Believe They are important and Necessary as a voice of the people

Do you believe that the Legislature should NOT attempt to dismantle the constitutional voting rights of Arizona citizens?

Yes No Comments

Voting is both important and a right. It should not Be infringed upon by lawmakers
