Q9

Do you support Arizona's public initiative process?

YES

Q10

If YES, what steps would you take to protect citizen initiatives?

First, by updating our elections procedures manual and ensuring that the legislature recognizes the democratic necessity of making it easier for people to advance or recall legislation through citizen-driven initiatives. Right now many roadblocks un-democratically hold people down in Arizona and make it too difficult to establish policy initiatives at the grassroots level. Changing that is one of my key focuses.
