Q8

Have you ever been involved in any animal protection issues?

YES,

Comments:

Not on with an organization. But I have rescued a dog (who is now a part of our family, Lucy) from it's owner, and rescued a mother and her 4 kittens (abandoned) from under a construction hut (we still have Dimo, Vlad and Toby as part of our family).

Q9

Do you have, or have you had in the past, any companion animals that have had an impact on you?

YES,

Comments:

Too many stories to tell, but Jake, will always be the most special. He was a local neighborhood cat. One day he came strolling into my apartment as I was sleeping in a recliner. He jumped up on me and settled under my chin. That was the beginning of a beautiful relationship. He slept by my head with his paw in my hand for years until he passed . Where ever he was roaming, I just needed to call out "Jake" and he would show up back from his adventures and we used to dance to SEAL together.

Q10

Do you financially or philosophically support any local or national animal protection organizations?

YES,

If so, which ones?:

I have been involved with UK organizations (when I lived in the UK), Cats Protection League and Greek Animal Rescue. I have donated to Lost Our Home Pet Rescue in Tempe, most recently.

Q11

If elected, would you be interested in sponsoring or working on legislation to protect animals?

As a Geoscientist I understand the importance of the balance in nature to create and sustain ecosystems. If elected, I would be the only scientist in the legislature, and I look forward to bringing a fact-based perspective to issues, including this very important one.
